PROFESSIONAL PROFILE

Dedicated logistics and supply chain professional with 24 years of service in Pakistan Air Force, retired in March 2023 as Assistant Warrant Officer. Extensive experience in procurement, inventory management, aircraft and electronic spares, POL products, warehouse operations and team supervision. Adept at using modern tools for data-driven logistics reporting, including Python, Streamlit and dashboard development to support operational decision making.

PROFESSIONAL EXPERIENCE

Pakistan Air Force 1999 – March 2023
Assistant Warrant Officer – Logistics & Supply Chain

- Managed logistics functions including procurement, inventory control, storage, issue and accounting of aircraft spares, electronic spares, POL products and textile stores.
- Worked extensively on Automated Logistics Management System (ALMS), including stock control, material tracking and reporting.
- Oversaw store and warehouse operations, documentation, stock reconciliation and logistics support activities.
- Led and supervised staff in supply, warehouse and logistics operations.
- Maintained accurate records and ensured compliance with procedures in a disciplined operational environment.

PROJECTS / DIGITAL PORTFOLIO

Logistics Operations Demo Dashboard (Streamlit)

- Built a demo logistics dashboard in Streamlit for logistics and supply-chain visibility.
- Tracked inventory/material status, dispatch or fleet activity, stock alerts and key operational KPIs.
- Presented logistics data through interactive filters, status summaries and decision-support visuals (charts and KPIs).
- Demonstrated digital reporting and modern analytics capability using Python, Streamlit and dashboard concepts.
