PROFESSIONAL PORTFOLIO: <https://muhammad-naveed-bhatti.github.io/>

PROFESSIONAL SUMMARY

Experienced logistics and supply-chain professional with 24 years of Pakistan Air Force service, with final rank of Assistant Warrant Officer. Proven background supervising procurement, inventory management, stores operations, stock accounting, computerized logistics systems and teams in a highly controlled operational environment. Experienced with aircraft/electronic spares, POL products and general stores, with strong capability in documentation, material control, reporting and process discipline. Technical skills include military ERP systems (ALMS and ALMS-Ev), MS Office, Power BI, Python and GIS.

CORE EXPERTISE

Logistics Supervision | Supply Chain Operations | Procurement | Inventory & Stock Control | Warehouse / Stores Management | Material Planning & Coordination | Receiving & Issuing | Stores Accounting | Military ERP: ALMS & ALMS-Ev | Operational Reporting | Staff Supervision | Quality / Process Compliance | MS Office | Power BI | Python | GIS

PROFESSIONAL EXPERIENCE

Assistant Warrant Officer - Logistics & Supply Chain (Final Rank) | Pakistan Air Force | 1999 - Mar 2023

- Supervised day-to-day logistics and stores activities, coordinating personnel, material requirements, inventory records and operational priorities.
- Performed and supervised procurement, inventory-management and stores-accounting functions across aircraft/electronic spares, POL products and textile stores.
- Maintained material availability and stock accuracy through systematic receipt, issue, storage, record keeping and inventory-control procedures.
- Used ALMS (Automated Logistics Management System) and ALMS-Ev, military ERP systems, for inventory transactions, material tracking and logistics reporting.
- Prepared and maintained operational records, reports and documentation using MS Office and computerized logistics systems.
- Monitored compliance with logistics procedures, accountability requirements, security standards and quality expectations in a disciplined operational environment.
- Supervised and guided staff, allocated duties and supported efficient workflow, problem resolution and continuity of supply.
- Worked across multiple logistics functions over a long military career, developing strong judgment, prioritisation, communication and problem-solving skills.

DIGITAL LOGISTICS PROJECTS

Portfolio: <https://muhammad-naveed-bhatti.github.io/>

- Logistics Operations Dashboard — Fleet, inventory, maintenance and operational reporting demo.
- Aviation Spares Supplier Intelligence — Aviation supplier sourcing, comparison, price normalization, lead-time visibility and supplier scoring. Live: <https://aviation-spares-supplier-intelligence.streamlit.app/>
